The Geeks and Nerds Scholarship
“TAKING BACK AMERICA’S FUTURE-ONE STUDENT AT A TIME”

The Geeks and Nerds Scholarship was established by GaN Corporation – a technological and management services firm with a primary focus on people: employees, customers, business partners, and others that GaN comes in contact with through day-to-day business dealings. With this focus and its culture of excellence, GaN attracts top-notch professionals to carry out Test and Evaluation, high Performance Computing, Information Assurance, Modeling and Simulation, and Quality Assurance solutions. Dr. Jonathan Kim, founder and CEO created the Geeks and Nerds (GaN) scholarship to encourage and assist deserving students to continue their paths of higher learning in science, technology, engineering, mathematics, business, and nursing.

The Geeks and Nerds (GaN) Scholarship is a one-year award and is not renewable. Recipients must maintain a full-time course load (undergraduate - 12 credit hours, or graduate - 9 credit hours) and have a cumulative GPA of 3.0 or higher. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
